In the evenings we met at the bar ~~for~~ for some cocktails and beer. ~~Havana~~ Havana is the ~~most~~ city I've ever seen. The people are very friendly and everywhere is music and sunshine. PART 4 - WRITING TEST

Write a paragraph about how you met some of your friends:

I met my best girl friend when my son got into the kindergarten. She was his kindergarten teacher. At the beginning we didn't ^{even} ~~spoke~~ anything but after a while we went out for a beer in the evening and that was such a funny & night. After that point we went out for several times and become very good friends. When she's got divorced she was looking after for a flat where she could stay with her two boys, 15 and 17 years old. I offered her an apartment in our house. She moved in ~~and~~ with her two boys and everything went very well. Now we are living together (not really now :)) and have often funny and interesting weekends and nights. Her name is Ramona and she's working as a elderly care nurse.

great improvement!
